Three Escape From Reform School.

Nelson Hamilton, an inmate of the Reform School at Greendale, who together with three other boys, whose names the authorities have not as yet learned, escaped from the institution Sunday night, and no trace of them has been discovered.

Hamilton was a "trustee" at the school, and having more privileges than other inmates, was in a position to escape, taking with him three boys of his age.

Some Dividends.

The Standard Oil Company has made profits of nearly \$600,000,000 in seven years, from 1902 to 1909, is figured out by one of Wall street's statisticians. This year's profit is estimated at \$80,000,000. The approximate figures, allowing \$80,000,000 for 1909, are \$593,202,000. In this time the company has distributed \$31,594,300 in dividends.

"Good Things to Eat"

That's all we carry. Whether it's a staple, like sugar, or a fancy table delicacy, like imported cheese, we have it, and in quality absolutely dependable.

Each article is chosen from many brands offered, because it has proved its superior merit.

Each brand competes for preference, and now gains a place on our shelves if it fails to measure up to our high standard of quality.

One of the recent successful contestants for representation in our line is

ELECTA COFFEE

A smooth and dainty blend of selected, highland grown beans—the market's choice.

The Electa process of slow-cooking and dry-curing preserves the genuine coffee flavor and improves it.

In using Electa Coffee you are sure of the finest quality—a satisfaction that in itself would make Electa worth more than other coffees.

Compare it with any you ever drank before. You'll like the rousing flavor and the glorious aroma.

DEATHS.

Mrs. Mary L. Rash passed away at the home of her husband, Mr. Ed. Rash, on South Main street, yesterday morning, after a lingering illness.

Mrs. Rash was aged thirty-seven years, and was the daughter of Mr. and Mrs. Wm. H. Mappin. She was a most estimable Christian woman, loving mother, and a devoted wife to a devoted husband.

In her long illness everything was done known to medical science to prolong her life, but to no avail. The grim monster, death, had touched her and the tender nursing by her loved ones proved as naught.

She is survived by her parents, Mr. and Mrs. Wm. Mappin, her husband, Mr. Ed. Rash and three children—Miss Mabel L. Rash, William and Flournoy Rash.

The funeral services will be held at the residence on Saturday, at 10 a. m., conducted by her pastor, Elder Carey Morgan. Burial in North Middle-town cemetery at 1 p. m.

The pall-bearers at Paris will be: Sol Redmon, H. O. James, Claude M. Thomas, Dr. Frank Fithian, B. A. Frank, J. W. Davis, Jas. A. Stewart, Dr. C. J. Clarke, Woodford, Spears. At North Middletown, John T. Collins, Jno. J. Redmon, W. S. Jones, C. H. Meng, J. W. Young and Dr. B. E. Bean.

Mrs. Kate McGrain, died at St. Elizabeth's Hospital, in Covington, Monday night, of the infirmities incident to old age. Mrs. McGrain was the widow of John McGrain, an old resident of Paris, who died in 1902. She was about 75 years of age, and had resided in Paris almost fifty years up to the time of her removal to the hospital in Covington, a few months since.

The funeral took place yesterday morning from the Church of the Annunciation, requiem mass being said by the Rev. Father Eugene DeBruyn. Interment by the side of her husband in the Catholic cemetery.

Following were the pallbearers: Jos. Grosche, Phil Nippert, Jr., T. F. Roche, Geo. Kriener, M. J. Higgins, Albert Lyons and Lewis Fee.

Mr. I. N. Frye, aged 85 years, one of the best known citizens of Bourbon county, died Tuesday afternoon at his home on the Clay & Kiser pike, of the infirmities of old age. Mr. Frye passed away within a few yards of where he was born and had lived all his life.

He is survived by three children, two sons, Mr. J. N. Frye, of near Kiserton, and Mr. John L. Frye, who resided with his father, and one daughter, Mrs. N. T. Shorter, of Columbus, O.

The funeral services were held at the grave in the Paris cemetery yesterday morning at 10 o'clock, conducted by Rev. M. T. Chandler, of the Methodist church.

At the home of Mrs. Margaret Craig near the Levy, Mrs. Mary McDonald, died at o'clock Wednesday of general debility aged 63 years. The funeral services were held from the residence yesterday at 2 o'clock p. m., conducted by Elder E. H. Koch, pastor of the Little Rock Christian church. The interment was in the cemetery at Bunker Hill.

Dead Found.

A large number of dead were found in the gallery of the coal mine at Cherry, Ills., yesterday by three daring explorers.

All Public Gatherings Prohibited

As a precautionary measure the Board of Health, through Health Officer Dr. Wm. Kenney, on Wednesday morning, issued an order prohibiting all public gatherings to cease until further notice. The reason for this order was prevalence of diphtheria, there having been two cases reported, and both children dying in less than forty-eight hours after becoming ill of the dreaded malady.

While there are no other cases in any part of the city it was thought best by the Board of Health for at least one week to take every precaution to stamp out the disease.

In consequence of the above order both the white and colored city schools and all of the private schools in the city have closed their doors for the time being. The protracted meeting at the Methodist church was closed Wednesday night indefinitely. The doors of the opera house were also closed, in fact, no public gathering whatever will be allowed, until this order is rescinded by the Board.

These are perhaps stringent measures, thought so by some, but at the same time they give a feeling of safety that there will be no spread of the disease as a result of the active work of the Board to stamp it out by the middle of next week or in about ten days from the time the order was made.

Spectacular Minstrels November 26.

Probably the largest and most spectacular of all local talent productions ever given in Paris has been undertaken by the Uniform Rank of K. of P.'s in the form of a grand minstrel show, employing the services of all the prominent singers of this city, assisted by a grand chorus of three hundred voices.

The committee in charge have secured the services of Messrs. Rochon & Laughlin, of New York, to direct the performance. These gentlemen have come to Paris highly recommended from other cities where they have met with flattering success. They bring with them a ringing jingling bunch of song hits and jokes from Broadway, and it is putting it mildly to predict that the performance will be "some" minstrel show.

Capt. Earlywine will preside over the festivities as interlocutor and is certainly the right man in the right place.

Among the blackface comedians who will create the disturbances are Harry Saloshin, Pearce Paton, Geo. Browner, Ben Downey and many others. Among the principal soloists are Miss Birdie Wollstein, Mrs. Price, Clay Sutherland Offutt Boardman, Chas. Hill and many more. A grand chorus will also be in evidence under the baton of Mr. Rochon. Rochon & Laughlin will also present two numbers, magic and mental telepathy. A grand school children's chorus will also appear in costume and the performance will conclude with a rousing college number, given by fifty of Paris' fairest in college costume.

Dr. Faries, Mr. Wollstein, Mr. Earlywine and others on the committee are sparing no efforts to make everything a huge success.

Cure For Diphtheria.

Mr. W. O. Butler handed in yesterday the following receipt, which he claims is a sure cure for any case of diphtheria. He has seen it tried in many cases, and never failed to bring about a cure, viz: Pine tar spread on a piece of brown paper and applied to the throat; then put the tar in skillet or some other utensil, and burn slowly so that the fumes fill the room.

RELIGIOUS.

For the first time probably in the history of our city there will be no Sunday schools or church services held in Paris on Sunday next. This is caused by the precaution that is being taken by the Board of Health to stamp out the dreaded disease of diphtheria, that has in last ten days cut down two school children.

BIRTHS.

Born, on November 15th, to the wife of Mr. Ollie Ingram, of Riddles Mills, a daughter—Mildred May Ingram.

Blue Grass League Meeting.

There was no election of president of the Blue Grass League Wednesday. The directors of the League met in the Brown-Proctor Hotel at Winchester, Wednesday afternoon at 1 o'clock. The meeting was called to order by President G. I. Hammond and there were in attendance Tomp. Sheets, of Lexington; J. E. Baldwin, Shelbyville; W. A. Bacon and Dr. Ussey, of Paris; M. C. Kellogg and Bert Stockton, of Richmond, and George B. Caywood, of Frankfort. The first matter taken up by the directors was the passing on accounts which are outstanding and these were disposed of.

The next business to be transacted was the awarding of the 1909 pennant to Winchester. This was done by Mr. Merpoli, who represented Spalding & Co.

The election of a president wound up in a dead lock. The present president, Mr. G. I. Hammond and Mr. Joe Nolan, Sporting Editor of the Enquirer, were nominated for President and the vote was a tie, Winchester, Frankfort and Shelbyville voting for Mr. Nolan and Paris, Lexington and Richmond voting for Mr. Hammond.

After several ballots were taken with the vote a tie the election was postponed until Nov. 29, when a called meeting will be held in Lexington. A banquet was given at the Brown-Proctor Hotel in honor of the directors Wednesday night.

Not Borne Out by Facts.

The statement of Jas. G. Hill that this country cannot yield enough wheat to make bread for its citizens seems not to be borne out by the facts. According to the Department of Agriculture the wheat crop this year is 724,768,000 bushels, an amount only exceeded in 1901 and 1906. This would give every man, woman and child six and one third bushels per annum, 50,600,000 bushels could be used for seed and still there would be a surplus of 138,000,000 for export, a greater amount than for five years. With these figures to go on we can safely predict that there will be no famine in this country for awhile at least.

Made Their Callings Sure.

It is almost a year before the election, but Judges Thomas E. Nunn, Warner E. Settle and John M. Lassing have made their callings sure for another term on the Appellate Bench. None of them had opposition and all were declared nominees of their party. Having gotten rid of the annoyance of running for office, they will now be able to get down to better work than ever, if possible. The nominations are equivalent to election, and the State is to be congratulated that it will have the benefit of their services for six years more.

Genuine.

Here is a genuine republican editorial from a genuine republican paper, the Fremont, Neb., Tribune:

"Somewhere, sometime, some candidate will get up and say he doesn't care a doggone about public interests but wants the office for what's in it, and he'll win in a canter—voters could not help admiring such unique truthfulness."

Hard-Hearted Judge.

An Indiana judge told a company of women the other day that women could not be lawyers because they have no reasoning faculty; that they could not be successful scientists because they consider only one detail at the time; that they are only occasionally successful in business, and that they succeed only in those branches of medicine which call for the exercise of the nursing instinct. And then he declared that man's view of woman is a habit and not a mental exercise. And all the women present doubtless understood that he was not indulging in any mortal exercise when he thus ticketed them off after labels made ages ago. If the ladies had been prescribing they would probably have recommended a little mental action in order for him to catch up with the times.

Should be Investigated.

There is a general and great complaint on the part of teachers in the public schools of Kentucky on account of the text books furnished by the American Book Company and selected by the Board of Education at Frankfort. Especially is this true of the geographies furnished, and many of the others are totally unsuited to the grades for which they were intended. But it is said that the State is compelled to use them or else be subject to suit on the part of the company. We have been told that the books are full of inaccuracies and that the foundation of an education constructed upon them will be unstable and insecure, says the Danville Advocate. Superintendent Crabbe and the Board of Education should investigate the matter, and if the complaints are found to be just, the contract should be rescinded or the American Book Company be compelled to furnish text books that are not incorrect or misleading.

**Mild Laxative
for Baby Free**

The child of today is the parent of the future, and whether it grows up healthy and strong, or puny and weak, depends upon the intelligence of its parents, for most children are born into the world healthy, but thousands become future weaklings between birth and the age of ten, when the parents are still in greatest control. The prime cause of trouble is in the stomach. A pale face is suggesting its food seldom craves and always does well; the little child whose stomach is good romps and plays and never whines; the growing child learns well at school and is eager for it; if its head is clear and its stomach light, and that means if it has no constipation.

The best and safest way to cure any irregularity of the stomach and bowels in children is by the use of Dr. Caldwell's grand laxative tonic, "A liquid laxative wonderful in its effect and Mrs. John W. Dunham, Apple Creek, O., Mrs. H. L. Cullum, Plainville, Ind., and numerous others can testify who give it to their children with the most wonderful results.

The bottle only costs 50 cents or \$1 according to the size you want, and even one 50-cent bottle will do a wonderful amount of good in a family. It can be given to any member of the family in simple cases of stomach, indigestion, torpid liver, dyspepsia, heartburn, sick headache and similar digestive troubles.

It never gripes or strangles like pills, tablets, salts and powders, which should not be given to children, women or old folks.

If you have a child or other member of the family who does, but has never used this grand laxative tonic, send your name and address to the doctor and a free trial bottle will be sent to you home. In this way you can find out what it will do without personal expense.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

Followed Instructions.

Care and system are the halfway houses to happiness, and if Mrs. McQuillum was anything she was careful and systematic. A little while ago she had occasion to go out and leave the house to take care of itself. But the grocer was expected, and unless he was warned he would leave his commodities on the doorstep and thus advertise the fact that the house was unprotected. Therefore Mrs. McQuillum wrote this note. "All out; don't leave anything," and pinned it on the front door.

When she returned her note was no longer on the front door, and there was a nasty, empty sort of sensation about the greater part of the house. Everything of value had disappeared.

She found her note on the dining table. But a line had been added to it. "Many thinks," it ran. "We haven't left much."

Discouraged at Last.

Bill Barlow of Wyoming told of one of the first humorous paragraphs of his former editorial associate, Bill Nye. There had been a railroad accident. The locomotive was lost, two passenger cars were destroyed, the express car was smashed, but no one had been fatally hurt. This is the way Bill Nye described it: "For upward of twenty years repairs have been repeatedly promised the old South bridge. Hoping against hope and waiting until distracted the old bridge became discouraged at last and yesterday just laid down in the gorge with a passenger train."

—Central City Declared "Wet".
The Court of Appeals yesterday held invalid the local option election held December 1908, by which Central City went dry by 23 votes. At two previous elections it had gone wet, the last being less than three years before the election in which it went dry. In the 1908 election the city voted with only one magisterial district, already dry.

The court says the entire county outside the city is a unit and that the magisterial district cannot vote separately.

An Open Challenge.

To the Merchants of Paris:

I hereby challenge any merchant in the city to furnish a box or packing case to be used in my test on Friday night at the Uniform Rank, K. of P. Minstrels.

The box is to be placed on exhibition on a prominent street corner not later than Saturday, Nov. 20, and to remain there until the following Friday night at 8 o'clock when the said merchant and his employees are to bring it to the stage of the Grand Opera House.

I will be enclosed in the box and the merchant and his assistants will securely nail the box up on all sides. Any kind of a box may be used and any kind of nails, spikes or screws are not barred.

After being imprisoned to the satisfaction of all I will attempt to escape without removing a board, nail or screw and without tampering with the box in any way. After the escape the box will be taken to the front of the theatre where all may examine it. The merchant accepting this challenge must do so through the columns of the Bourbon News.

Mysteriously yours,
LAUGHLIN.

Largest Burley Crop.

On the authority of a group of bankers and capitalists of Lexington, who have gathered statistics on the subject, this year's crop of Burley tobacco is the largest in the history of the country, aggregating probably 200,000,000 pounds. Of this it is claimed that between 55 and 65 per cent. has been pooled with the Burley Tobacco and Insurance Company, while the portion outside of the pool is being rapidly hurried to market.

The prices which have prevailed this far have been extraordinarily good, having averaged from 12 to 14 cents a pound. Thus far about 750,000 pounds have been sold on the Lexington tobacco market, and it is figured that by the end of the week 2,000,000 pounds will have been sold.

Few Turkeys Being Shipped.

This has been an off year with our turkey dealers in regard to the number generally shipped East for Thanksgiving. Very few are being killed for the Eastern market. The dealers claim that the turkey raisers have pooled their crops and want prohibitive prices for the birds. The recent springlike weather also perhaps had something to do with the turkey trade, for it was pretty risky business to ship dressed turkeys any time up to yesterday. The dealers are paying 18 cents on foot for the birds, and do not seem over anxious to buy even at that price.

It is said that about 800 pooled turkeys will be put on the local market for Thanksgiving dinners, if this is true a poor man has a chance, perhaps, to get a leg of one anyway, for this should make them sell at "eatable prices."

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man, who goes to the front for his country with a weak stomach will be a weak soldier and a faint fighter.

A sound stomach makes for good citizenship as well as for health and happiness.

The Demon Rum.

The subject given out for an essay in one of the public schools was "The Evil Effects of Alcohol." Here are extracts from some of the compositions: "Alcohol has a very marked effect on the doctor's conclusions in cases of sickness."

"Medical men say that fatal diseases are the worst."

"Some people think the abuse of drink is a sin, others think it is all right, and others take it as a medicine."

"At the present day many people are in jail for committing suicide while under the influence of strong drink."

"Doctors say that the increased death rate from the effects of boozing shortens life."

"Alcohol mocks at you, and at last it biteth like a servant and stinger like a bee."

"The Bible says look not on the wine when it is red, but Rhine wine is not hurtful."—New York Press.

Animals Are Poor Sailors.

The polar bear is the only wild animal that likes a trip on the water, according to a French scientist who has studied its behavior at sea. He is quite jolly when aboard ship, but all other animals violently resent such a voyage and vociferously give vent to their feelings until seasickness brings silence.

The tiger suffers most of all. He whines pitifully, his eyes water continually, and he rubs his stomach with his terrible paws. Horses are bad sailors and often die on a sea voyage.

Oxen are heroic in their attempts not to give way to seasickness. Elephants do not like the sea, but they are amenable to medical treatment. A good remedy is a bucketful of hot water containing three and a half pints of whisky and seven ounces of quinine.—For News.

She Was No Child.

This college professor, like many other men of erudition, was fond of Lewis Carroll. While visiting his sister he asked his niece, a miss of fifteen, to get "Through the Looking Glass" for him from the public library. She evidently did not like the task, and he asked her the reason. With some hesitation she replied: "Oh, I'll get it if you really want it. But I don't like to have the librarian think that I read children's books."—New York Tribune.

No Need For Talk.

"Does the baby talk yet?" asked a friend of the family.

"No," replied the baby's disgusted little brother; "the baby doesn't need to talk."

Doesn't need to talk?"

"No. All the baby has to do is to yell, and it gets anything there is in the house that's worth having."

How Paris Citizens Find Complete Freedom from Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Grateful people testify.

Here's one case of it: J. J. Reber, Pike street, Cynthiana Ky., says: "In a statement I gave in 1903, I recommended Doan's Kidney Pills and told about the cure I received from their use. Four years have elapsed and I have not suffered since. I do not hesitate to reiterate every word I said in my previous testimonial as I know that Doan's Kidney Pills act as represented."

This property has not been vacant for twelve years and adjoins the large department store of Mr. Harry Simon. Possession given at once.

No. 2—The two story brick business house on the corner of Main and Seventh streets, occupied and used by myself for the past seventeen years as a restaurant and bakery. This is without doubt the best business locations in the city of Paris. Lot 33 feet on Main street running along with Seventh street 91 feet. Possession given January 1, 1910.

No. 3—The residence on the corner of High and Seventh street, opposite the Public Library. This is a two story brick of eight rooms, 10 foot cellar under the whole building; equipped with all modern improvements such as bath, gas and electric light, furnace, and a neat stable for two horses and vehicle in the rear. Lot 55 feet on High street running along on Seventh street 112 feet. There is no better built house or better location in the city of Paris. Possession given March 1, 1910.

No. 4—A three room house and large convenient stable, on Gano street, near Lilleston Avenue, in the city limits. The lot contains about three acres, two of which are first class truck garden land, balance on Houston creek. Possession March 1, 1910.

No. 5—Three room house and ten acres of good land just outside the city limits and adjoining lot No. 4. For a truck farm this little place can not be beat, being just on the edge of town, easily accessible and number one land. Possession at once.

All the above property will be in the hands of the auctioneer on day of sale. Perfect title guaranteed.

TERMS—Made known on day of sale, December 6, 1909.

Filed Another Suit.

In the Fayette Circuit Court Tuesday the suit recently filed by G. W. McMillan and 31 other tobacco growers of Pendleton county against the Burley Tobacco Society asking that a receiver be appointed for the society, and alleging that the society owes about \$300,000 to members of the pool of 1906-07, was dismissed on motion of L. T. Applegate, of counsel for the plaintiffs. A new suit containing practically the same allegations and prayer was, however, filed immediately after the dismissal of the first suit was that the attorneys for the defendants refused to allow sufficient time for the plaintiff's counsel to prepare their arguments and evidence, but has insisted on the case being heard Tuesday.

Mrs. Leslie Carter at Lexington.

Mrs. Leslie Carter the leading emotional actress in America today comes to the Lexington opera house, Thursday, Nov. 25, Thanksgiving, matinee and night, and will present the greatest success of her career, "Vesta Herne." The play is a fine dramatic presentation of one of the vital problems that affect society today, a presentation that is more powerful and direct than any known, and which while it enthralls any play should send the audience away from the theater with the knowledge that before them had now the panorama of

the battle of good and evil, the conflict which is eternal, which is the earliest conflict known to dramatic history. The play gives Mrs. Carter the greatest opportunity she has ever had for the marvelous display of that historic ability which has won her applause in the forefront of the American stage. For the play she has had a new and elaborate production built and her supporting company this year is one of marked excellence.

The prices for this engagement will be for the matinee: Lower floor, \$1.50; balcony, \$1.50, \$1.00, and 75 cents; For the night performance lower floor, \$2.00; balcony, \$2.00, \$1.50, \$1.00, and 75c.

The sale of seats will open Tuesday morning, Nov. 23. Orders sent Manager Scott accompanied with a remittance will receive prompt attention.

Judge O'Rear on Prison Life.

"In this day of progress every feature of slavery incident to prison life should be abolished," said Judge O'Rear, of the Court of Appeals, at Frankfort, in a speech at the Y. M. C. A. "The convicts should be paid for their services and their families supported with what they earn. As the stripes are being removed from the clothes they should not be permitted to be put on the backs of the convicts with the lash," he argued.

Application Denied.

The Court of Appeals of the District of Columbia Tuesday denied an application made by counsel for Samuel Gompers, John Mitchell and Frank Morrison, of the American Federation of Labor, sentenced to jail for contempt, for a stay in the issuance of the mandate. Unless notice of an appeal is given before tonight the mandate will be handed down Saturday.

Ed. Corrigan "Busted."

Edward Corrigan, the famous turfman, filed a petition in bankruptcy in the United States Court at Frankfort. His liabilities are given at \$174,110.06, assets \$59,600, with \$113,736 additional. Corrigan gives Lexington as his place of residence.

Necessary to Genius.

Genius lights its own fire, but it takes determination to keep it going.

Causes Death of Two.

For a second time little Ruth Butler, 4 years old, of Charlotte, Mich., is responsible for the death of a little sister. Some time ago she pushed a baby sister off the bed and the infant strangled to death. Tuesday a fifteen day old babe died from the effects of chloroform playfully administered by Ruth, who had seen the mother use the drug to stop aching teeth.

The Morgan Statue.

Signor Pompeo Coppini, the sculptor, who has the contract for the General John Hunt Morgan equestrian statue to be erected at Lexington by the Kentucky Daughters of the Confederacy, has shipped his plaster model of New York and expects to have everything in readiness for the casting to the bronze statue by April 1. There is still lacking \$2,500 of the sum necessary to pay for casting the statue.

Another Big Week.

The Lexington Tobacco Warehouse takes the lead for the first big week of the season, selling 330,180 pounds and not a single parcel rejected by anybody.

This remarkable record gives the "Lexington" its proper place among the warehouses of Kentucky with the best house ever built for the sale of leaf tobacco and the most perfect equipment it is not surprising that this new house should take the lead so early in its first season. Every day's sale demonstrates the fact that better prices and bigger averages are obtained at the Lexington than elsewhere, and it is generally admitted that Mr. Gibbons is the best auctioneer in the city, and it is also conceded that Will F. Land shows more nerve in bidding on tobacco than any other warehouseman. In fact, Gibbons and Land are a sales team that can't be equalled and will always secure outside prices for all tobacco placed in their hands. See their splendid warehouse and watch them on a sale and you will no longer hesitate as to where you will sell, but will drive right into the "Lexington." Call them over either phone, 719 and make your arrangements to bring them your crop.

The Woman Arrested.

A warrant was issued Tuesday for the arrest of Mrs. Jeanette Stewart-Ford on a charge of receiving stolen goods in connection with the Warriner case. Warriner pleaded not guilty to the indictment found against him and went to jail in default of bond.

Cabinet Meets.

The first Cabinet meeting since the adjournment of the special session of Congress early last summer was held at the White House Tuesday, and during the greater part of the time the President's official family was gathered about the executive council table the "sugar trust" situation in New York was under discussion.

A Trifle Uncertain.

Little Jean's parents were enthusiastic bridge-players, and Jean was more or less familiar with the sight of cards. At Sunday school one day the teacher had been giving a talk on David. Finally she held up a little colored print of David dressed in royal robes, and asked: "What child can tell me who this is?" Out of the silence piped little Jean's voice: "I think it's a king, but it may be a jack!"

Want Merger Injunction Modified

Application for a modification of the restraining order granted by him in the case of the Commonwealth against the Louisville and Nashville Railroad was to be made before Judge Robert L. Stout, Circuit Judge of this district, at Lexington yesterday morning. Judge Stout is in the hospital at Lexington where he underwent an operation several days ago.

The case involves the right of the Louisville and Nashville to take over the Frankfort and Cincinnati Railroad. Judge Stout granted an injunction restraining the Louisville and Nashville from disposing of the bonds of the Frankfort and Cincinnati and of making any change in the physical condition of the Frankfort and Cincinnati. A modification of this will be asked, it is understood, so that the Louisville and Nashville can reconstruct with steel some wooden bridges and make other improvements. The Louisville and Nashville also wants the restraining orders issued by the clerk of the Frankfort court dismissed.

Big Merger.

The report that the controlling interest in the Western Union Telegraph Company, obtained by the American Telephone and Telegraph Company, would lead to a closer communion of interest between those companies and the Postal Telegraph Company, and probably a ultimate merger of the three companies was given more color when officials of the American Telephone and Telegraph Company frankly said that the Postal was the largest single stockholder in their company.

Vote Bond Issue.

Shareholders of the Cleveland, Cincinnati, Chicago and St. Louis "Big Four," railroad in session at Cincinnati voted a bond issue of \$20,000,000 for physical improvements to the Big Four system.

Hearing Postponed.

The absence of President Clarence LeBaron and Secretary G. A. Brooks, of the Burley Tobacco Society, caused a postponement of the hearing of the motion for a receiver for the corporation which was set for Wednesday at Winchester.

Sensationalism Deplored

Decrepitating the tendency of the newspaper profession of today toward sensationalism, Colonel Henry Watterson, the venerable editor of the Louisville Courier-Journal, addressing the members of the National Press Club in Washington City, Wednesday night, at a reception in his honor.

His topic was the personal relation of the newspaper toward the public. Mr. Watterson is on his way home after an extensive European trip.

"Pretending to be the especial defenders of liberty, we are becoming the invaders of private right," continued Colonel Watterson. "No household seems any longer safe against intrusion. Our reporters are being turned into detectives. As surely as this is not checked we shall grow to be the objects of bitter fear and hatred instead of trust and respect."

"Someone ought to organize an intelligent and definite movement toward the bettering of what has reached alarming proportions."

"I say this in your interest as well as the interest of the public and the profession, for I am sure that you are gentlemen and want to be so considered, whereas the work you are often set to do is the reverse of gentlemanly."

"It subjects you to aversion and contempt—brings you and a high and mighty calling into disrepute—by confusing the purpose and functions of the newspaper with those of the police and scavenger. I have been proud of that calling all my life, and when I go to my accounting, I want to see a clear and honored flag flying from the masthead."

Big Strike Threatened.

The strike of the 2,000,000 members of the American Federation of Labor should the United States Supreme Court decide the contempt against Messrs. Gompers, Mitchell and Morrison, proposed by the Central Federation of Philadelphia, is not approved by labor leaders.

Negro Found Dead.

Lying across a coffee sack half filled with coal, which he was taking from a car Tuesday night at Lexington, the dead body of Benjamin Smith, a negro, was found on the top of a coal car.

STOCK, CROP AND FARM NOTES.

—Edsell Clarke, of Little Rock, sold and delivered to W. D. McIntyre nine head of Polled Angus cattle, average weight 1200 pounds, at 51-2 cents.

—J. W. Jacoby, of Hutchison, sold to Joseph Frakes a bunch of fat heifers, average weight 900 pounds for 4 cents per pound.

—At Hutchison, parties are paying \$2.65 per barrel for corn delivered.

—W. G. McClelland shipped a car load of hogs to Cincinnati Wednesday night, which cost him 7 cents per pound.

—M. J. Farris, of Danville, sold 200 head of 1,325 pound exporters to Knight & Son, of Louisville, at prices from \$5.50 to \$5.75.

Booker Calls on Taft.

Booker T. Washington headed a committee which called at the White House Wednesday to solicit the support of President Taft for a movement which has been started by leading colored people throughout the country, looking toward the holding of an exposition in 1913 to celebrate the fiftieth anniversary of the freedom of the negro race.

The Cold Wave.

The cold wave predicted by the weather man arrived on schedule time Tuesday night and sent the mercury down below freezing and Parisians scurrying into real winter clothing. The lowest temperature of the present winter was recorded Thursday morning when the thermometer registered twenty-four degrees. A decided rise in the temperature was the weather forecast for today.

No Trace of Astor's Yacht.

The fear that Col. John Jacob Astor's yacht Nourmahal, with its owner and son Vincent aboard, had been disabled in the West Indian hurricane of last week was further increased yesterday by the failure of various vessels seeking the whereabouts of the missing yacht to report her. The Nourmahal is believed to have left Kingston, Jamaica, in the interval between November 5 and November 10, presumably for Porto Rico.

After Redrying Plant.

The Commercial Clubs of Cynthiana, Georgetown, Carlisle and a number of other cities in the tobacco belt are at work in earnest trying to get one of the big redrying and storage plants of the Burley Society for their respective cities. We have not as yet heard of any move being taken by the Paris Commercial Club along this line, although attention has been called to the matter on several occasions by the News. One of them would certainly be of great benefit to our city.

Little Hope for Carlisle

While it was stated yesterday that ex-Secretary of the Treasury John G. Carlisle had passed a comfortable night and that no change for the worse had occurred, it is generally believed that Carlisle's condition is such he may not recover. It is stated that consultations between Dr. Joseph D. Bryant, who was the late Grover Cleveland's physician and eminent specialists were held over Carlisle's case, but that little hope of recovery for the distinguished patient is entertained.

Dr. Bryant when asked yesterday regarding the report that Carlisle was dying replied, "There is no present foundation for that statement."

Acting Democratic Governor.

Kentucky Wednesday night had a Democratic Governor, Conn. Linn, president pro tem of the Senate being temporarily in the Governor's chair during the absence from the State of Governor Wilson and Lieutenant Governor William H. Cox. Mr. Linn succeeds to the Governor's chair when both the Governor and Lieutenant Governor are out of the State or die.

The former contingency has happened. Governor Wilson was due in the State at 1 o'clock Wednesday afternoon but stopped over in Philadelphia for a few hours and so did not reach Kentucky until Thursday morning.

Governor Cox left Kentucky on his way to Florida for a hunting trip Wednesday afternoon at 4 o'clock. When he left the borders of the State Mr. Linn became acting Governor.

This is the first time that a Democrat ever acted as Governor during a Republican administration. It is not the first time the President pro tem of the Senate has acted as Governor, however. Senator George Hickman sat in the Governor's chair for two days while the President pro tem of the Senate during the absence from the State of Governor Beckham and Lieutenant Governor Thorne.
